
Initiative Petition for Constitutional Amendment
NRS 295.015

The People of the State of Nevada do enact as follows:
(Do not add a Title, an Identifier# will be assigned)

Insert Full Text of the Proposed Amendment

Article 2, Section 1A, of the Nevada Constitution reads as follows:

Sec. 1A. Rights of voters. Each voter who is a qualified elector under this Constitution and is registered to vote in accordance with Section 6 of this Article and the laws enacted by the Legislature pursuant thereto has the right:

- I. To receive and cast a ballot that:
 - a. Is written in a format that allows the clear identification of candidates; and
 - b. Accurately records the voter's preference in the selection of candidates.
2. To have questions concerning voting procedures answered and to have an explanation of the procedures for voting posted in a conspicuous place at the polling place.
3. To vote without being intimidated, threatened or coerced.
4. To vote during any period for early voting or on election day if the voter is waiting in line at a polling place at which, by law, the voter is entitled to vote at the time that the polls close and the voter has not already cast a vote in that election.
5. To return a spoiled ballot and receive another ballot in its place.
6. To request assistance in voting, if necessary.
7. To a sample ballot which is accurate, informative and delivered in a timely manner as provided by law.
8. To receive instruction in the use of the equipment for voting during any period for early voting or on election day.
9. To equal access to the elections system without discrimination, including, without limitation, discrimination on the basis of race, age, disability, military service, employment or overseas residence.
10. To a uniform, statewide standard for counting and recounting all votes accurately as provided by law.
11. To have complaints about elections and election contests resolved fairly, accurately and efficiently as provided by law.

Article 2, Section 1A is hereby amended by adding a new subsection to be designated as subsection 12, to read as follows:

12. To fully participate in all publicly funded elections without limitation, including, but not limited to, any requirement to affiliate with any private organization, such as a political party.

Description of Effect
(Insert 200 words or less description of the effect)

In 2020, Nevada voters approved a Voter Bill of Rights constitutional amendment ballot question, which broadly describes eleven rights of eligible Nevada voters. Voter Right number 9 guarantees "equal access to the elections system without discrimination," yet fails to include political affiliation as a status protected from discrimination.

This amendment adds political affiliation as a status protected from discrimination by including that Nevada voters shall have a right to fully participate in any publicly funded election, regardless of political affiliation. This will apply to Nevada's primaries, which are publicly funded. Under this amendment, voters will not be required to update their party affiliation to participate in a primary election. A political party, as a private organization, would have the option to fund a closed primary nominating process, similar to a presidential caucus, or allow all voters to choose to participate in its publicly funded primary election without joining the party.

In 2020, Nevada voters approved a Voter Bill of Rights constitutional amendment ballot question, which broadly describes eleven rights of eligible Nevada voters. Voter Right number 9 guarantees "equal access to the elections system without discrimination," yet fails to include political affiliation as a status protected from discrimination.

This amendment adds political affiliation as a status protected from discrimination by including that Nevada voters shall have a right to fully participate in any publicly funded election, regardless of political affiliation. This will apply to Nevada's primaries, which are publicly funded. Under this amendment, voters will not be required to update their party affiliation to participate in a primary election. A political party, as a private organization, would have the option to fund a closed primary nominating process, similar to a presidential caucus, or allow all voters to choose to participate in its publicly funded primary election without joining the party.
